WAIRAU RIVER

Marlborough New Zealand

The Wairau River journey began in 1978, when owners Phil and Chris Rose became the first to plant grapes in the Northern Wairau Valley. Now, after 40 years in the industry,

all five children are also involved from the viticulture and winemaking to finance, admin, & restaurant. Their wines are true expressions to their varieties accompanied by the unique soils & climate found in the Wairau Valley.

S.Pellegrino is lightly carbonated Natural Water from the Italian Alps near the town of Milan. First discovered in the 13th century in a town called San Pellegrino 70kms from Milan in the north of Italy. The actual source is about 2000 feet beneath layers of limestone & volcanic rock. It takes approximately 30 years for the water to travel from the top of the mountains to the source.
